

LMS Customer Satisfaction

Both LMS and our law firms are committed to delivering a high-level of service to our customers, however sometimes things go wrong. We want to hear from you if you feel unhappy with the service you have received from us or one of our law firms.

This leaflet tells you how to make a complaint. If you tell us about it, we will try our best to put matters right for you and improve our service for all our customers.

How will we help you?

- LMS will investigate your complaint independently of the law firm and where your complaint is against LMS, we will aim to resolve your complaint impartially.
- We aim to resolve complaints as fairly and as quickly as we can. There are always two sides to any dispute, so we will look carefully at both sides and consider all the facts.
- If we determine the law firm you are complaining about has treated you fairly, we will tell you and explain our reasons why.
- If we determine that the law firm has made an error which has adversely impacted you. We will request the law firm put things right for you. Generally, the aim is to put you in the position you would be in if things had not gone wrong.
- Our dedicated Customer Relations Team adheres to a complaints procedure that is fully compliant with our lender clients expectations.
